

There is a convention that if a man is a sadist then the women around him will be submissive and suffering. And that may very well be so in many cases, but, it's not necessarily so and I think it's so boring. Oppression in your life is not boring because it's too painful, but, on stage I feel the oppression is more effective when it's not seen directly. It's more effective when everybody is a victim of something.--Maria Irene Fornes

### ABOUT THE PLAY

An earlier version of Abingdon Square was given a workshop production at Seattle Repertory Theatre in 1984. Following a staged reading at New York's American Place Theatre in April, Abingdon Square opened there on October 8, 1987, produced by the Women's Project and Productions Inc. and directed by the author.
