

## **UAB Center for the Study of Sexual and Gender Health (CSSGH)**

A multidisciplinary coalition of academic and community partners committed to improving the health and wellbeing of LGBTQ people

### **Innovative Research**

Advancing innovative research to address LGBTQ health disparities across the state, region, and nation, expanding the evidence base regarding health risk and resilience.

- **Pilot and Pivot Grants**
- **Sparkle Awards** for young professionals
- Service Delivery (e.g., grant reviews, *polishing specific aims, consultations*)

### **Education & Training**

One of the only academic institutions training researchers, clinicians, and practitioners about how sexual orientation and gender identity affect health.

- **LGBTQ Health and Wellbeing** Graduate and Undergraduate Certificate Programs
- The **Deep South Academic Scholars in Health (DASH)** Training Program, an R25 Education Program funded by the NIH
