

# THE UAB LUNG HEALTH CENTER

## ABOUT

Our **mission** is to advance lung health through innovative research, education, and patient-centered care. Whether you are a study participant or a scientific investigator, we are committed to ensuring that your experience with the UAB Lung Health Center is worthwhile.

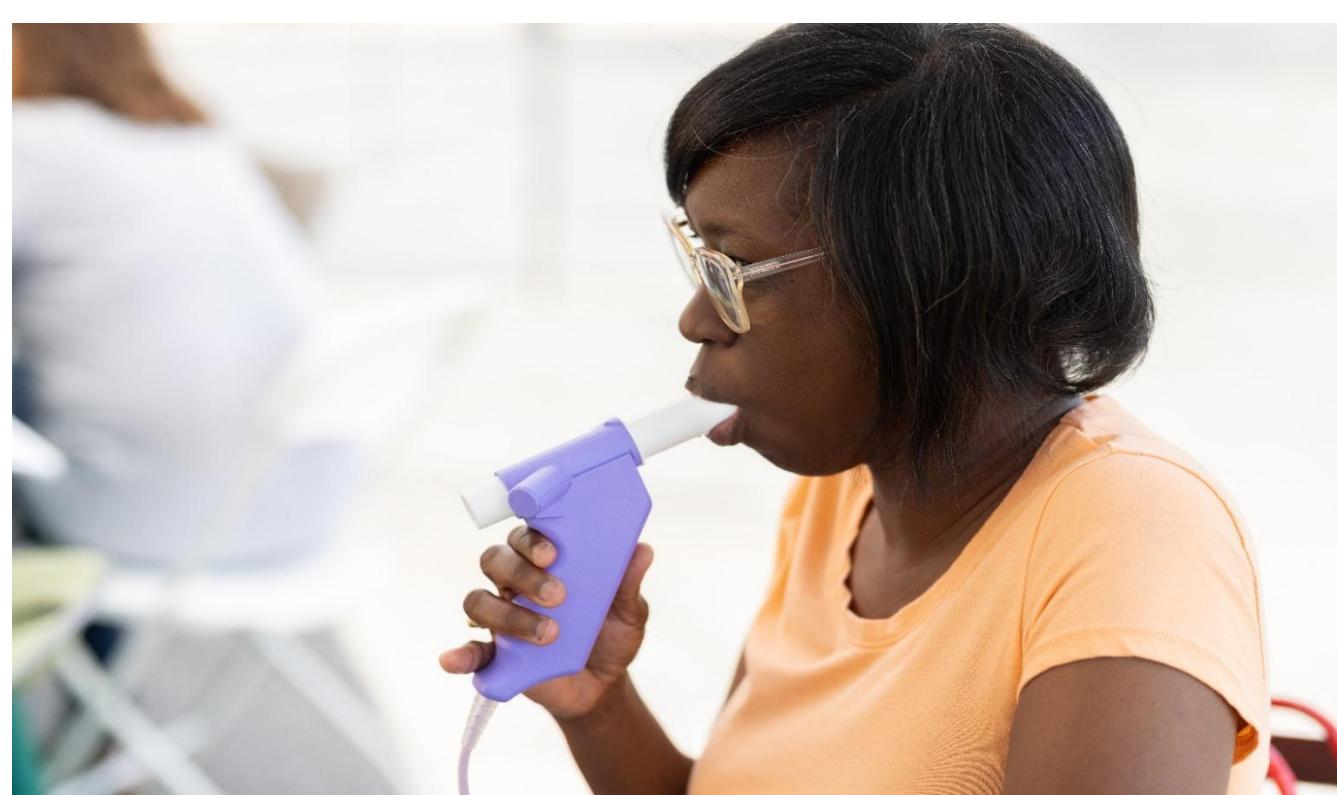

## LUNG HEALTH CENTER

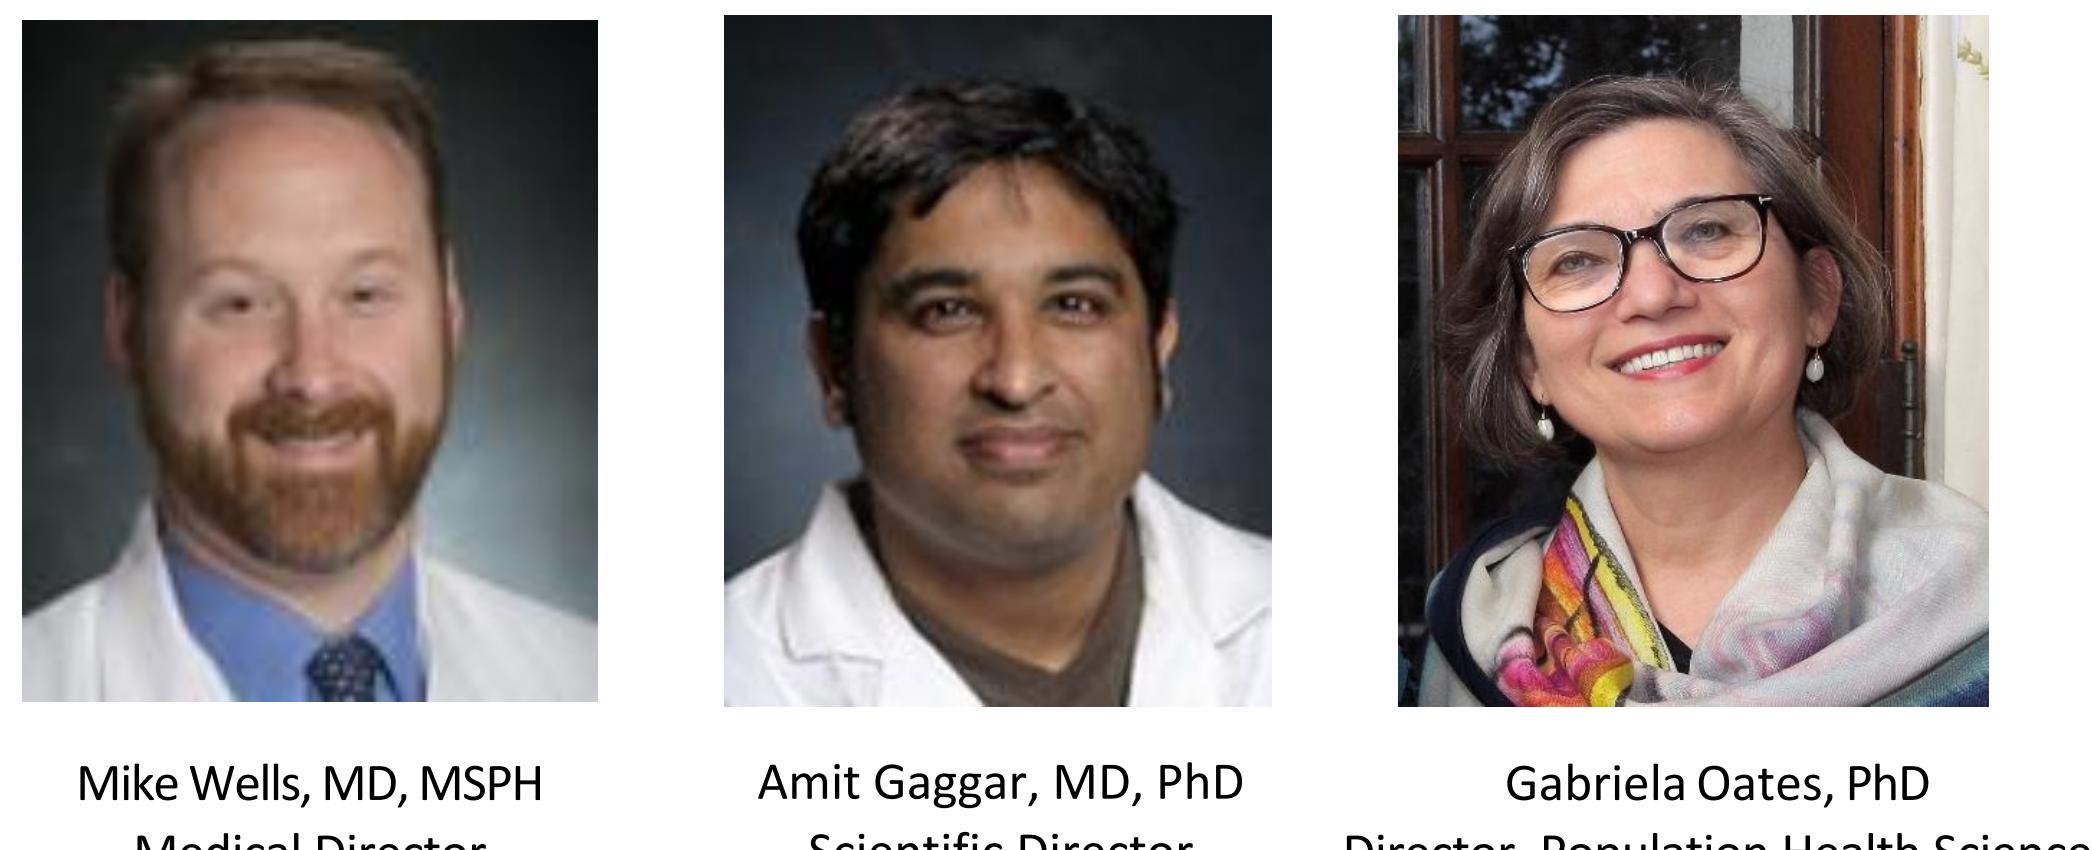

## RESEARCH

- The Lung Health Center (LHC) facilitates research across the translational spectrum:
  - Basic
  - Clinical and translational
  - Social and behavioral
  - Outcomes and health services
  - Population health
- The LHC supports **98 active research projects**

## LHC LEADERSHIP

Mike Wells, MD, MPH  
Medical Director

Amit Gaggar, MD, PhD  
Scientific Director

Gabriela Oates, PhD  
Director, Population Health Science

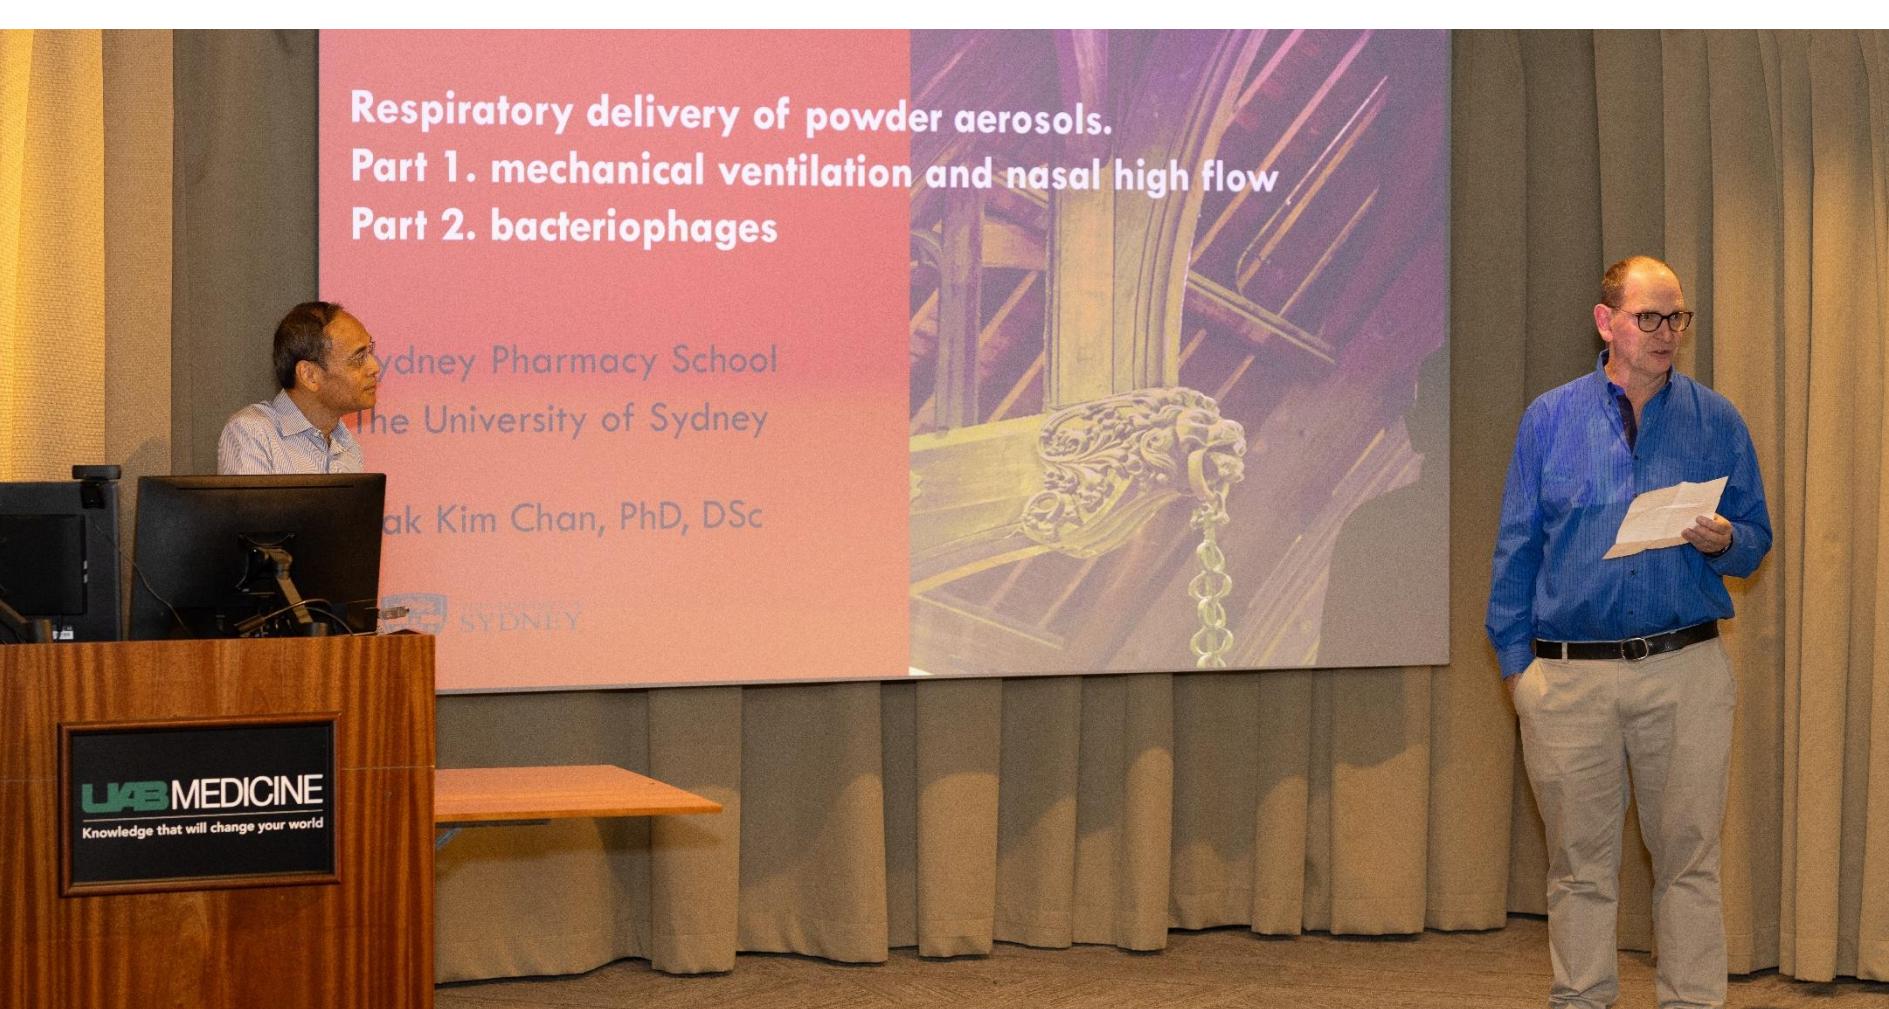

## TRAINING AND EDUCATION

- T32 training program in lung biology and translational medicine

For more information about the T32 program, scan the QR Code

- Research in Progress seminars

Pictured: Pulmonary Grand Rounds presentation

## MEMBERSHIP

- 60+** UAB investigators
- 6** schools, **11+** departments/divisions

Membership is open to all UAB faculty with lung-related research interests

### MEMBERSHIP BENEFITS:

- Access to LHC research services
- Access to facilities and expertise
- Pilot funding opportunities
- Networking and collaboration

## To become a member

Contact the LHC at **205.934.5555** or scan this QR code

## SERVICES

- Participant recruitment
- Regulatory
- Data management
- Biospecimen repository and laboratory services
- Pulmonary Function Testing laboratory
- Lung imaging
- Integrative 'omics laboratory
- Small animal cardiopulmonary physiology services
- Tobacco treatment
- Social Determinants of Health Core

### To request services

Fill out the survey in this QR code

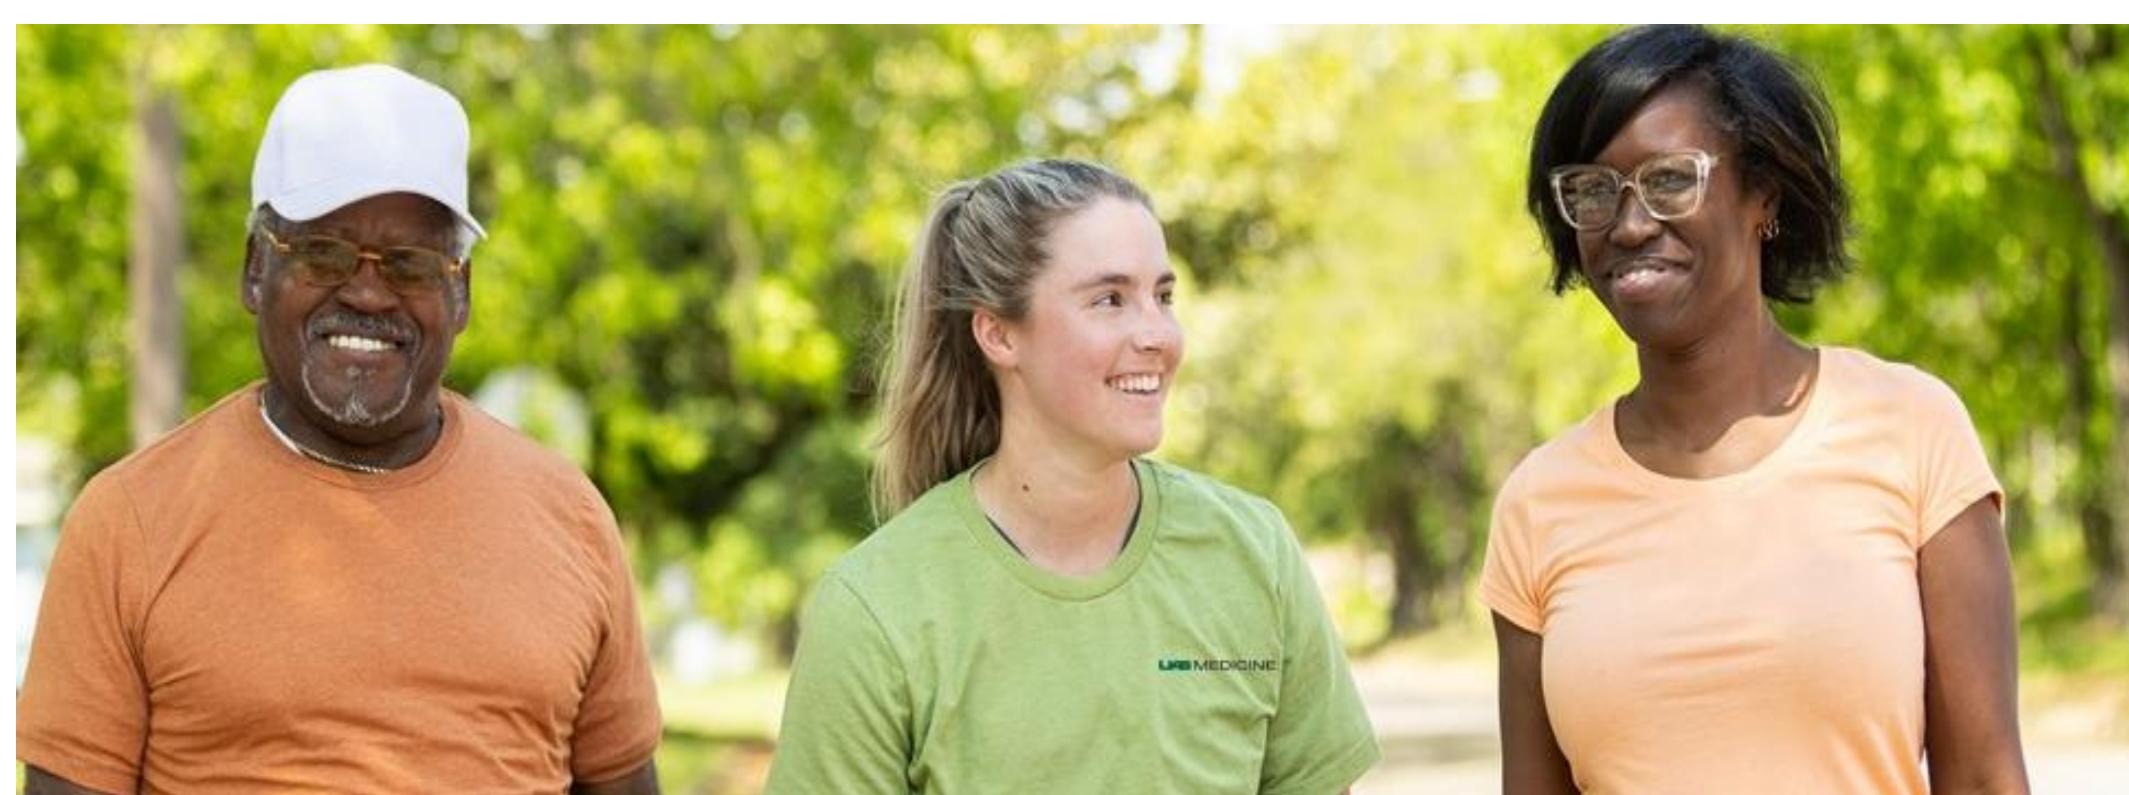

## COMMUNITY ENGAGEMENT

### Community engagement advances lung health

- Raising awareness through education
- Promoting prevention and early detection
- Building community trust and credibility
- Addressing health disparities
- Informing research and program development

### Programs

- Better Breathers Club:** In-person support group
- Healthy Communities for a Tobacco-Free Future:** E-cigarette prevention for middle- and high-school students in Birmingham Metro area
- Pulmonary Function Testing:** On-site PFT testing at community events
