	<u>EDC 655 Curriculum Principles and Practices</u>	3
Research:		
		3
	<u>EPR 594 Introduction to Educational Research Design</u>	3
Technology Standards:		
	(met in EDC 606, EDC 651, and EDC 655)	
ALSDE Requirements for Class A Certification in Physics (6-12):		
Once a candidate has completed checklist requirements and has met all admission, exit, and certification requirements, the candidate will be eligible for Class A certification in Physics (6-12). To be eligible for this certification, the candidate must:		
<ul style="list-style-type: none"> Submit a completed application for certification during the last term of enrollment in the Class A Physics (6-12) Program (and no later than 60 calendar months following completion of this degree program) Successfully complete all courses on the Class A program checklist, meet the criteria of UAB's Graduate School for completing the corresponding master's degree program, earning an overall GPA of 3.25 Possess a valid Class B Professional Educator Certificate in Physics (6-12) Meet all requirements for the Alabama Educator Certification Assessment Program (AECAP) 		
Program Admission Requirements for Class A Certification in Physics (6-12)		
Prospective students should NOT begin any coursework without first seeking advisement from the program faculty advisor (call 205-934-5371). Students who ignore this admonition assume responsibility for their own mistakes.		
In addition to meeting the requirements for admission to the Graduate School, a candidate must meet requirements for unconditional admission to the Physics (6-12) Program. To be eligible for unconditional admission to this Class A certification program, a candidate must hold a valid Alabama bachelor's level professional educator certificate in Physics (6-12).		
Please Note: If an individual is unconditionally admitted to this Class A program based on a valid bachelor's level professional educator certification from another state, this individual must hold valid Alabama Class B certification in Physics (6-12) before completing this Class A program in Physics (6-12) and subsequently applying for Alabama certification at the Class A level in Physics (6-12).
