- CHHS 490 Special Projects in Health Education
- CHHS 491 Problems in Health Education
- CHHS 498 Lifespan Dimensions in Women's Health and Nutrition

### **Minor Area Concentration**

**Minimum of 18 Semester Hours is required. Advisor approval is required should students wish to apply previously completed relevant coursework.**

Students often enter the Community Health Concentration from other health-related majors or transfer from a two-year degree granting institution with complimentary coursework already completed. Students with coursework deemed relevant by the CHHS Undergraduate Program Coordinator would apply credits to this area with permission. Students entering the Community Health Concentration without prior coursework would select from current UAB approved minor areas of study. The requirements for the selected minor must be completed in their entirety. Human Services, Criminal Justice, Social Work, or Psychology minors are recommended.

**Minor area of study:**

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.
- 7.
