Bidders are cautioned to write all descriptions and monetary amounts so there is no doubt as to the intent and scope of the proposal. Erasures or other changes in proposals must bear the signature or initials of the bidder. **ALL PROPOSALS MUST BE SIGNED.**

Vendor's submission must include the following:

- 1) One (1) original with wet signature or a verified digital signature such as a DocuSign or AdobeSign signature.

Vendor's response, as outlined above should be submitted in a single sealed bid package where practical. One copy must be marked as "original" with the company authorized signature.

3.7 Drug-free Compliance:

By virtue of the signature on the response to this RFP, the company certifies that all its employees while working on System properties will not purchase, transport, use or possess illegal drugs or alcohol, or abuse prescription drugs in any way.

3.8 Response Format:

Vendors are required to submit responses in hardcopy formats.

Hardcopy responses should include a separate section, listing each vendor response by corresponding UAB specification number.

Vendor responses for each specification are to be completely contained within each section in the order they appear in this request. (Section 1, 1.2, Response). Do not refer responses to a secondary location of the question's information (i.e. user's manual p.141).

All questions should be answered as concisely as possible. Ambiguous statements such as, “all reasonable effort to provide...,” etc., will be considered as non-responsive. Failure to address any of the requirements could subject the response to rejection.

Vendor’s proposal must include a response to each section and paragraph of this request (beginning with Section I). Where a particular requirement, approach, or service has been stated, the vendor must reply if it will or will not comply. Failure to provide a response to an item will be treated as the vendor’s non-compliance with that item. Where a statement of non-conformity is provided, the vendor must indicate its reasons for doing so, describe its proposed alternative, and explain the impact and/or benefit to the System from its proposed alternative. If a preference has been stated, the vendor may propose an alternative, provided the vendor demonstrates that the alternative has no negative impact or is more beneficial. All responses should be succinct and concise.

3.9 Term:

The term of this agreement will be for **TWO (2)** years, with **THREE (3)** optional additional one (1) year options. At the end of the initial term, and at the end of each renewal term, this contract will automatically renew for a period of one year, unless the contractor or the University provides notice not to renew the contract at least sixty (60) days prior to the date of renewal. Renewals may be less than but will not exceed **THREE (3)** additional one (1) year.

3.10 Pricing:

Pricing for this contract must be firm for the initial two-year period. However, upon mutual agreement between the successful vendor and the University, pricing for any additional three (3) through five (5) may be negotiated on the anniversary month of the award, not to exceed the change in the Consumers Price Index Urban (CPI-U) for the preceding year. Once agreed to by all parties, such new pricing shall remain fixed for the next year of the contract. If both parties cannot negotiate adjustments to agreement prior to the anniversary month of the award, the contract will terminate on the anniversary month of that year.

Vendor may also request a price adjustment because of changes in its costs due to the effect of volatile market conditions, beyond its control, on the prices of commodities, raw materials, or other expense lines which are essential to its operation. Vendor shall list each of these factors to be considered (see below) and specify the percentage (%) of Total Expenses that particular factor accounts for, as shown in the company’s latest audited financial statement. Vendor response must include supporting documentation for any such items listed.

In any such request the vendor shall justify and provide adequate proof of changes in its costs due to the item(s) listed. After examination of proof submitted, the System may allow, negotiate further, or totally disallow the requested adjustment. Such adjustments will be allowed no more than once per quarter and will be effective only for the following quarter. At the end of that quarter, pricing will revert to the pre-adjustment level unless vendor provides documentation to support the need for the increase to continue for the next quarter. Vendor is required to adjust the University’s pricing immediately and accordingly should market conditions during the quarter return to their previous status.

3.11 Value Propositions

Vendors are encouraged to include additional “Value Propositions” which might be in the University’s best interest. Examples of these “Value Propositions” include but are not limited to: Signing Bonus, Conversion Bonus, Volume Rebates, Large Order Rebates, Extended Contract Incentives, Discount Terms, and others.

SECTION IV

General Conditions:

4.1 RFB Process:

The University of Alabama at Birmingham reserves the right to reject any or all responses and to waive informalities.

The University reserves the right to award this contract by category, all or none, or to make multiple awards if deemed advantageous and in the University's best interest.

All information shall be entered in ink or typewritten. Mistakes may be crossed out, corrected and initialed in ink by a company representative. An authorized individual must sign the response labeled "original" in ink; failure to do so will result in rejection of response.

Vendors are to return responses in a SEALED package. Responses must be received in the University Purchasing Office prior to the date shown above. Late responses will not be considered. The request number, opening date, opening time and vendor's name must appear on the outside package regardless whether it is regular mail or express mail.

The University cannot accept faxed responses.

No response may be withdrawn without approval from the University Purchasing Office. Any request for withdrawal must be in writing to the representative within ten (10) days after opening date with justification for reason of withdrawal. More than two (2) such requests could result in removal from our approved vendor list. No response may be withdrawn after awards have been made. The vendor will be required to provide the item or service quoted at the price quoted. If a withdrawal is made after the award the vendor will be considered in default.

All responses become a matter of public record at award. The University accepts no responsibility for maintaining confidentiality of any information submitted with response whether labeled confidential or not.

Any exception taken to any portion of this request must be so stated on the response sheets or the University will assume compliance with all requirements as stated. The successful vendor will be responsible and accountable for providing those items as specified in its response.

Requests received by the date shown will be analyzed by the University Purchasing Office. It is expected to take approximately three (3) weeks to tabulate the responses and produce an analysis. Responses shall remain firm for sixty (60) days from date of opening.

It is expected that this request will be complete and unambiguous. However, vendors seeking clarification to this request should deliver any inquiries in writing to the University Purchasing Office at the above address.

Written replies of general significance will be forwarded to all vendors invited under this request. Prospective vendors acknowledge that no other source is authorized to provide information concerning this request.

Time of delivery shall be stated as the number of calendar days following receipt of the order by the vendor to receipt of the goods.

Delivery time may be a criterion in awarding. Specify earliest possible delivery after receipt of order.

Lead times may be shown on each line item, as they may be a consideration in an award. Responses not showing lead-time may be rejected. Failure to deliver according to quoted lead times may result

in cancellation of contract. If contract is not cancelled, quantities not shipped according to quoted lead times will be purchased from other sources at prevailing market prices. We expect to be reimbursed the difference or a credit will be taken. Lead times shall be stated as the number of calendar days following receipt of the order by the vendor to the receipt of goods by the University.

Delivery does not constitute acceptance. All items delivered to the University as a result of any award of this contract are subject to inspection and testing. Items that do not meet specifications will be rejected. Failure to reject upon receipt, however, does not relieve the vendor of liability. If tests subsequent to delivery reveal a failure to meet specifications, the vendor shall be deemed to have breached his contract.

Any changes to specifications during the contract period without written approval of the University Purchasing Office will be considered a breach of contract.

It is the vendor's sole responsibility to include in its response sufficient product literature, specifications, and other information necessary to completely describe the products and/or services being offered.

Brand names, if used, are shown to establish a level of quality.

4.2 Legal:
