Saturday Delivery Instructions for UAB Medical Genomics Laboratory

To ensure proper receipt of RNA-based test samples for Saturday delivery to the UAB Medical Genomics Laboratory, please follow the instructions below.

IMPORTANT: Saturday delivery is only available for samples for RNA-based testing, including:

- NF14C (RNA-for biopsied CALs)
- NF14N (RNA-for biopsied neurofibromas)
- NF1-RNA
- NFSP-R (NF1-RNA & SPRED1-gDNA)
- NF2-RNA
- SPRED1-RNA
- RNA-based targeted testing for known variants in NF1, SPRED1, and/or NF2

All other samples should be shipped to arrive during regular business hours (Monday through Friday).

If you have other **time-sensitive samples** for non-RNA-based testing, such as rush samples (with a \$600 fee), prenatal samples, fresh/frozen tumors, or sperm, please contact the Medical Genomics Lab in advance for **prior authorization** for Saturday delivery.

Instructions:

1. Call the Lab: **Before** 2:00 PM CST on Friday at **(205) 934-5562** to arrange for Saturday delivery. Be ready to provide the patient's name and sample shipping location.
2. Shipping: Ship the sample via FedEx priority overnight at room temperature to:

**UAB Medical Genomics Laboratory
C/O FedEx
320 Snow Drive
Homewood, AL 35209**

Mark the package as "**Hold Saturday at FedEx Location**" and "**SATURDAY Delivery**" for proper handling. We recommend **highlighting** "Hold Saturday" for easy identification by the FedEx courier. See the example airbills on the next page for reference.

3. **Tracking Information:** Call the lab at **(205) 934-5562** with your tracking number.

Note: We are not responsible for the package if tracking information is not provided.

4. **Confirmation of Delivery:** If you require delivery confirmation, provide your email address when giving the tracking number, and we will notify you.

If you have any questions or concerns, please contact us at **(205) 934-5562**.

Thank you,
The Medical Genomics Laboratory
