

RE: Request support for “title of the pilot”

Dear Dr. Austad and UAB NSC Executive Board:

[Two sentence on nature of the request]

1. Rationale for funding request/analyses

2. Specific Hypotheses to be tested

3. Description of use of NSC cores and demonstrate support and budget approval from Core Leader

4. Power analyses supporting feasibility of testing these hypotheses with the collected sample

- Or state that pilot study will help to determine power to observe age-related effect

5. Feasibility/plan for the new dataset leading to publishable data or subsequent grant funding

6. Timeline for deliverables (analyses, grants, papers, etc)
